

CASE STUDY: BUBBLING WITH ENERGY

INDUSTRY: ENTERTAINMENT AND EVENTS

It started with Bubbling with Energy CEO Mark Rubiolo and his previous wife Corinna trying to think of a name for their games hire company. They looked at their children running around the backyard and thought, "they're bubbling with energy." And so, Bubbling With Energy Entertainment was born.

Tim says,

"Formitize provides a valuable contribution to how our business operates. The app is great and it has made improvements to our business. Formitize is good value for money."

In 1991 it was merely a trailer full of fun equipment, which they would take to kids' fun days

Until one day, when a bouncy castle hire company didn't show up to an event, leaving kids and parents disappointed, they decided to buy their own jumping castles to hire in Sydney. They stored the jumping castles in their garage, took phone calls whenever they could, delivered flyers around Sydney (before the Internet!), before eventually running out of space and buying a factory.

That factory is now jam-packed with over 150 products that you can hire!
