

CASE STUDY: SWIPE PEST CONTROL

INDUSTRY: PEST CONTROL

Swipe Pest Control Owner Laurie Witham first heard about Formitize from a friend who referred the app to him.

Laurie says

“ The main reason I came to Formitize is it only **costs half** of what I was paying for my previous solution.”

Laurie's Story

Formitize has become a valuable asset to the day-to-day running of our business. This powerful paperless app provides a valuable contribution to how our business operates. Formitize is awesome and it has made improvements to our business. It's also amazing value for money which is a great benefit.

Formitize is a good solution and it is easy to use. Our Formitize Account was easy to set up and I was using it in the field in no time. I am currently using paperless forms and the reporting module, which helps me run my business smoothly and more efficiently.

I have been using the Getting Started Guide and I have also made phone calls to the Support Team. Formitize support and customer service teams are very responsive and always very helpful. I am grateful for all the help as they guide me step by step, especially with building mobile forms. They have also helped me with invoicing and assigning jobs.
